

This Page may replace or supplement #14-17 on your script

#14 - Script for the PCR Program (not bolded but read it all)

The PCR program is the Political Contribution Refund program. Here's how it works.

You write us a check made out to Senate District 36 Republicans.

You put the check in a self addressed envelope and give it to us tonight.

In a few weeks, you receive a receipt and some paperwork from us.

You fill out that paperwork and mail it to the state of Minnesota.

A few weeks later, you get a check from the State of Minnesota.

The paperwork is simple.

This program works.

The maximum refund is \$50 per person, or \$100 per couple.

You may apply for this refund only once per calendar year.

You can combine several receipts to add up to the fifty or one hundred dollars, but obviously we would appreciate the full amount come to Senate District 36. You can apply for less than a full refund, but you can apply only once per calendar year. You may give over the limit, but you cannot get back more than \$50, or \$100 for a couple.

If you simply want to contribute money without involving the PCR program, don't include a self addressed envelope.

#15 Pass the donation envelope

#16 "We have this handy Volunteer / Social Media Card."

(hold up the "PRINT NEATLY" card)

"We'd like everyone to complete this card. If you want to serve in a truly meaningful way, absolutely fill out the card and indicate HOW you want to serve. Then send the completed cards to our secretary."

#17 Read the information about Election Judges and Poll Challengers from the separate information pages. Then say:

"You can indicate your desire to serve as an election judge or poll challenger by completing the Volunteer Card. Please do."

You may now return to the main convener script.
